

County Report – Cllr Egginton – May 2026

Hi, please see culvert works at endon, in the next weeks the three faulty gulleys will be Replaced and dig down works carried out .

Thanks Bob

I must apologise, as I cannot attend, but I have forwarded some information on endon roads and flooding.

I have asked highways for a full updated report on highways and gully repairs / cleaning and I will update when possible.

I have a petition. no to Lgr.

If anyone wants to sign it.

Currently I have written to several MPs and stated that in my opinion the government is incapable of bringing LGR to completion.

Therefore it should be scrapped and save 15.6 M at county for its initial implementation.

The money could be put to better use in my opinion.

Thanks Bob.
